EXPERIENCE

Web Developer Dec 2023 - Jan 2024
Prodigy infotech pvt.ltd

Collaborated in a team of four to develop and submit a full-stack web application as an assignment.

PROJECTS

1. Gym Website – HTML,CSS,JAVASCRIPT

- Developed and designed a responsive, user-friendly gym website aimed at enhancing customer engagement and promoting fitness services
- The site features seamless navigation, class scheduling, membership registration, and integration with social media platforms for increased visibility.

2.AI Chatboot – Python

- Developed an AI-powered chatbot to improve customer engagement and automate routine support tasks for [business/industry].
- The chatbot utilizes natural language processing (NLP) to provide real-time, context-aware responses to user inquiries, handle frequently asked questions, and assist with product recommendation
